Elk Valley Access Boundaries

A GLENORE COMPANY

Promoting safety on and off site with defined access boundaries

For your protection and ours, please observe and follow the No Unauthorized Entry, Bow Hunting Only, No Shooting and No Hunting boundaries. Mining activities can start avalanches or rockslides without warning. Maps should be used for reference only. Please follow field signage at all times.

If you see wounded game crossing the safety boundary, do not follow. Contact the site Loss Prevention Officer for further instructions.

Who we are

Elk Valley Resources (EVR) operates four steelmaking coal mines in the Elk Valley of British Columbia, providing jobs for approximately 5,500 people. We are committed to responsible resource development, environmental performance and building strong partnerships with communities and Indigenous Peoples.

EVR is proud to be part of the Glencore Group, one of the world's largest diversified natural resources companies, with a history that dates back more than 100 years in Canada.

What we do

EVR produces high quality steelmaking coal, a key transition-enabling resource that is an essential input for steel production, which is needed for constructing products like wind turbines and critical infrastructure including rail, bridges, hospitals and schools.

Sustainability

Responsible environmental performance, maintaining stringent safety standards, and building strong partnerships with Indigenous Peoples built on care and trust, underpin our approach to operating.

EVR has made significant progress implementing the Elk Valley Water Quality Plan—a long-term plan with the goal of improving the health of the watershed, while at the same time allowing for continued sustainable mining in the region.

We want your input

As backcountry users and recreationalists, your input on trails and land access located on or through EVR land is valuable. As our mine plans evolve, we want to understand the areas of interest to you and how we can help facilitate continued safe use of these areas, as we adjust our No Unauthorized Entry Boundaries.

Join us for our annual backcountry user and outdoor recreationalists meeting:

December 2, 2026
EVR Sparwood Office
2202 Middletown Place
5:30 p.m. – 8:00 p.m.

If you have any questions or feedback about our operations in the Elk Valley, please contact us;

Phone toll-free: 1.855.806.6854
Email: feedback@evr.com
