

PREPARING FOR THE FLIGHT TO THE MINE SITE

As of May 22, 2020

Please consult your immediate supervisor for details on preparation requirements prior to departing for the mine site.

AT HOME

General health assessment within 48 hours prior to departing for the mine site

(call from Raglan Mine's Health Department)

Employees who cannot be reached by noon the day before their flight to the mine site have the responsibility to contact the Health Department and complete a general health assessment.

If necessary, the Human Resources Department will provide a letter to allow passengers to travel from their home to the airport.

AT THE AIRPORT

Health questionnaire to complete and body temperature checked systematically

All applicable distancing measures will be communicated and must be respected. Antiseptic hand products and items to prevent the spread of COVID-19 will be provided to all passengers (hand disinfectant, masks, etc.).

ON THE PLANE, ON THE BUS AND UPON ARRIVAL AT DONALDSON AIRPORT

Compliance with recommended distancing measures and wear the items to prevent the spread of COVID-19

Specific instructions to minimize risks of contamination on the plane and bus have been put in place. **All passengers are required to comply with them.**

ARRIVAL AT THE MINE SITE

Virology testing upon arriving at the mine site

Night shift workers must be tested first.

DURING STAYS AT THE MINE SITE

Body temperature checked once a week

All preventive measures recommended by Public Health must be respected.

PREPARING TO LEAVE THE MINE SITE

THE STANDARD FLIGHT CONFIRMATION PROCEDURE APPLIES

As usual, **baggage drop-off** at the entrance of the complex on the morning of the flight.

When **returning the key** to their room, workers will receive the following: Boarding pass (as usual) and if necessary, a company letter to allow passengers to travel from the airport to their home.

ON THE BUS, AT DONALDSON AIRPORT, ON THE PLANE AND WHEN ARRIVING AT THE DESTINATION AIRPORT

Passengers are subject to the same rules as those applied on their arrival. All applicable distancing measures will be communicated and must be respected. Antiseptic hand products and items to prevent the spread of COVID-19 will be provided to all passengers (hand disinfectant, masks, etc.).

AT HOME

Public Health recommendations must be complied with. Each worker must read all the communications sent by Raglan Mine concerning COVID-19. Workers must refer to their immediate supervisor to get details on preparation requirements prior to departing for the mine site.
